PATHFINDER FOR SCHOOLS ©

The **Pathfinder Program** is a unique program for young people that has been evolving and changing lives for the past 8 years through one-on-one mentorship and now, rebuilt from the ground up to be facilitated in groups and within primary and secondary schools.

In that way, it is intended as a '*Curriculum for Heroes*', a one-of-a-kind pedagogy that follows the core stages of the Heroes Journey in a modern, approachable and gamified structure that young people can immerse themselves in as they unlock the Heroic Potential that exists within every one of us: **ARCHETYPES**.

Below is an outline of the Sessions which showcases both the curriculum of topics covered, and the unique and creative style we pride ourselves on here at MANA Youth Project.

1

Meet the Mentor

Meet your guide on this journey. Receive your own *Hero Training Manual*, and learn about what's to come.

2

Call to Adventure

Pathfinder?
Archetypes?
Heroic Virtues?
What does it all mean? Awaken to the Potential within.

3

Allies & Adversaries

Discover who your closest Allies are & who/what blocks your path as an Adversary

4

Finding the Elixir

Tune into what lights a spark within your heroic soul. Learn how to tune into your *Focus* & find purpose.

5

The Heroes Return

Hone your knowledge of the Journey into a personal code you can use to always remember your heroic nature!

6

Master of Two Worlds

Share your Journey with your allies, teachers & mentors. Tell your story. Return a Hero!

7

Epilogue

A viewing of the movie:

The Kid Who Would be King.

Bringing all the messages and lessons from the program together.

ALL ABOUT OUR UNIQUE CURRICULUM

ARCHETYPES

One of the Core aspects of our Pathfinder Program is discovering the Heroic Potential that sleeps within each young persons soul: **ARCHETYPES**.

An Archetype is a Heroic Template that each young person can recognise and align with. Each Unique Archetype possesses its very own **Virtues, Strengths, Challenges & Focus**.

HEROIC VIRTUES

Heroic virtues are essential moral qualities that shape a hero's character and actions, guiding them to overcome challenges, inspire others, and effect positive change. These timeless values help heroes remain focused on their purpose and foster healthy relationships. The **Pathfinder Program** uses these virtues as a framework for personal growth, encouraging participants to reflect on and develop these traits in their own journeys.

HERO CARD

The Hero Card is like a Report Card that allows real-time tracking of progress over the course of the program, with each section covering a session over the program duration.

By being able to track their progress as they go, students feel a sense of achievement, something we call **LEVELLING UP!**

It also acts as a tool for them to have control over the process, managing skills, customising aspects of their own cards, and at the end of the program having something meaningful and memorable to take away from the journey.

FOCUS DOMAINS

Focus Domains are areas of growth and development that guide participants in their journey toward personal mastery as they pursue their passions and hobbies.

Each domain represents a specific aspect of human potential and is designed to help individuals cultivate a well-rounded skill set and mindset.

Focus Domains offer a structured way for participants to direct their energy, set personal goals, and pursue quests that align with their unique strengths and interests. They also help participants explore different facets of themselves, encouraging balance and holistic growth.

BOND SYSTEM

The **Bond System** in the Pathfinder Program is designed to foster strong connections and meaningful relationships between participants and their peers, mentors, and even within themselves. It emphasises the importance of building trust, understanding, and cooperation, both in the context of the program and in real life.

By recognising and cultivating bonds, participants grow not only socially but also emotionally, enhancing their ability to work with others, form alliances, and develop deep, supportive relationships.

Interested in having one of our MANA Mentors attend your school?

- We run our Program for pods of 8 Students. When searching for young people who may benefit most from the Program we ask that they preferably be from Grade 6 and those with a willingness to learn, act respectfully and show potential for leadership amongst their peers.
- Each student receives a Folio that will hold each Weeks Info & Worksheets.
- At the end of the program each student receives a laminated A4 Hero Card compiled from their progress across the program.

\$2300

We are more than happy to further discuss pricing and terms.

We request that we receive **HALF** of the payment before commencement, and the other **HALF** upon completion.

However we will also accept **FULL** payment if that is how your school operates.
